

National Exhibition 2023 K.V.T.H.

The most beautiful party of Draft horses and Haflingers on August 24, 25 and 26.

The National Exhibition is a celebration where Draft horses and Haflingers from all over the country come together.

Our studbook was founded in 1914. In 1923, the first national inspection, called the "National Exhibition", took place in The Hague.

From 1932 the National Exhibition was held in the cattle market halls, now called Brabanthallen in s'-Hertogenbosch

After a long tradition in the Brabanthallen, the National Exhibition moved in 2016 to Peelbergen Equestrian Centre, a modern equestrian accommodation in the heart of Limburg

Three large indoor arenas provide non-stop show, passion and of course the National Champion titles in various categories.

You can have a delicious lunch in the cozy restaurant.

For an intense experience you can also use the inner terrace with a delicious drink.

You are very welcome for one or more days at our 61st National!

The National Exhibition is a unique event for all fans of the Draft Horse and De Haflinger.

We organize on our own, with the cooperation of many volunteers. To make this possible, we depend on sponsors. Thanks to you as a sponsor, we can let young and old experience a fantastic National during the National visitors from the Netherlands and abroad. Sponsoring the National offers you the perfect opportunity to increase the brand awareness of your company. We want to offer everyone, big or small, a chance to become a sponsor of the 61st National

That is why you can opt for one of the sponsorship packages or a free gift. The various sponsor packages, options and associated costs can be found in our sponsor folder. Are you interested? Send an email to: denationale@kvth.nl

We will contact you shortly to discuss the possibilities together.

We are very much looking forward to organizing a great national in the beautiful Peelbergen Equestrian Center together with you as a sponsor.
